

Thank you to Dinah and Juliet and everyone who made Juliet's birthday weekend and our holiday a success! The views was beautiful and Peralta could be described as "Can the world buy such a jewel?" Claudio, Much Ado About Nothing.

April 7th Jim and Ruth Sidgwick. A magical place to stay, a beautiful spot especially as everything is bursting into spring. Thank you so much - we will return!

April 10th.

Utterly magical - from sun rise lifting early morning mist revealing delicious Italy to Leonardo's velvet roaring log fire in evening - loved every minute - as did the little ones & Koori. La Forestiere is idyllic. (Miss Leonardo!)

Thank you for making us feel very special
in a very very special place. De la vallée,

We had a wonderful stay.
I have been to many places, but can not
imagine a place so special, so unique.
The hospitality was great. And not
to forget the food, Lana made for us, and
Kate's tiramisu. The best meal we had
during our vacation in Tuscany. Say no more!
Our baby girl Helene and twelve years old
Hanne loved to stay here and we promise
to come back some day.

Our friends stayed in Peralta in 2005 and described it to us in glowing terms. We saw the beautiful images on the website; but nothing prepared us for the reality of Peralta. It is surely the most beautiful place that we have visited. One week has not been enough and we truly wish that we could extend our stay. We are already planning a return visit. Thank you for preserving the beauty and tranquility of Peralta, which we have so enjoyed.

This is our third time in Peralta -
a special place for me and my family.
There is something in the air, in the art
that surrounds you and in the people who
make you so welcome. We will be
back again to sample all of its
delights but for now we leave with
happy memories.
